

IF YOU WERE A ROSE

Words & Music by Dennis Dougherty & Joe LaMay

Unreleased

G **C**
If you were a rose and love a garden
G **D**
I'd walk each path from light to dark
G **C**
If you were a rose and love a garden
G **D** **G**
I'd press your petals to my heart
If you were a rose and love a garden
I'd spend my life before you here
If you were a rose and love a garden
I'd breathe so deep the sweet, sweet air

C **G**
Oh rain I need your water
C **G**
And wind come heal my bones
C **G**
Dear sun I'm reaching for you
A **D**
God bless the seeds we've sown

If you were a rose and love a garden
I'd cast off pleasure, bread and wine
If you were a rose and love a garden
I'd pray our roots to entwine

Oh rain I need your water
And wind come heal my bones
Dear sun I'm reaching for you
God bless the seeds we sow

If you were a rose and love a garden
I'd walk each path from light to dark
If you were a rose and love a garden
I'd press your beauty to my heart
