

# LONG WAY UP THIS MOUNTAIN

Words & Music by Sherri Reese

Unreleased

Am C G  
It's a long long way up this mountain

Am C Em  
Rough and steep as it can be

F  
I've taken my first step

C Am  
The past ain't behind me yet

G Am  
No man is gonna be the death of me

It's a long long way up this mountain  
My path is paved with misery  
That man done me wrong  
It's the same old song  
No man is gonna be the death of me

F  
*One day I will be free*

C Am  
*From this haunting memory*

F Am E  
*And fly like an eagle in the sky*

It's a long long way up this mountain  
Every step is killing me  
I've tried and I've tried  
Lord knows how much I've cried  
No man is gonna be the death of me

*No I won't stop  
Til I reach that mountaintop  
No man is gonna be the death of me  
No man is gonna be the death of me*
