

OH, I REMEMBER THAT SONG

Words & Music by Dennis Dougherty & Joe LaMay

Unreleased

Uh huh, Oh yeah
Uh huh, Oh yeah
Oh, I remember that song
Uh huh, Oh yeah
Yes, I remember that song
Uh huh, Oh yeah

The one about teenage heartache
Wishing on the stars above
A song about staying out too late
Thinking you're in trouble and knowing you're in love

Oh, I remember that song...

The way that they sang together
Strumming those twin guitars
I thought that it would last forever
I saw them on the TV, I heard them in my car

Oh, I remember that song...

Why oh why did you leave me?
Why oh why did you go?

I never will forget their voices
Crying like two lovesick birds
Growing up and making choices
The magic of the music - the wisdom of the words

Oh, I remember that song...
