

# I Can't Sing This Song

Words & Music by Joe LaMay

I can't sing this song  
The words won't come  
They're hidden deep  
Where words come from  
They're locked inside  
Been there too long  
And though I've tried  
I can't sing this song

*I know you've gone, but can't you see  
You've locked the words inside of me  
I need you here to set them free  
Oh, won't you please bring back the key*

I can't sing this song  
My voice's too weak  
It's all tied up  
I can hardly speak  
My spirit's died  
It was not that strong  
Look in my eyes  
I can't sing this song

*Bridge*

I can't sing this song  
There is no sound  
I can't hear the words  
When they come 'round  
I listen hard  
But it's all wrong  
And though I've tried  
I can't sing this song
