

# Comin' Home To Say Goodbye

Words & Music by Joe LaMay

I left Frisco yesterday  
I had some good times with my friends  
I never let on that I knew  
That you and I were at the end  
'Cause I've learned too well to pretend

*I'm comin' home to see you one more time  
Cause you're the one who made me cry  
I'm comin home to see you one more time  
I'm comin' home to say goodbye*

The mountains and the coast are clear  
I see the lights of Monterey  
Oh California my old friend  
Let's not forget those early days  
Fore I may never pass this way

*Chorus*

Now I'm prepared to face the pain  
Of leaving one I love so well  
But you're a stranger in my life  
So why not end this living hell  
Then only time alone will tell

*Chorus*

The mountains and the coast are clear  
I see the lights of big L.A.  
Oh California my old friend  
Let's not forget those better days  
Fore I may never pass this way

*Chorus*
