

# ON A QUIET MORNING IN SPRING

*Words & Music by Joe LaMay*

On a quiet morning in Spring  
With all the things that springtime brings  
I awoke with you by my side  
And brushed the nighttime from your eyes  
And as the early morning raindrops  
Whispered their song to the trees  
The calling of the mourning dove  
Put on a sweet harmony  
On a quiet morning in Spring

On a quiet morning in Spring  
With all the things that loving brings  
As the sunlight danced on the bed  
We fell in love with the things that we said  
And took a walk by the ocean  
To a spot that nobody knows  
And the waves' gentle motion  
Echoed the hearts ebb and flow  
On a quiet morning in Spring

On a quiet morning in Spring  
With all the things that memory brings  
I long now to be by your side  
And brush the sadness from your eyes  
And if I could take this life of mine  
And remember just one special day  
I'd recall the day we woke  
Long ago and so far away  
On a quiet morning in Spring
