

PLAY ME YOUR SONG

Words & Music by Sherri Reese

I was watching you over there
In a daze and unaware
You were introducing your brand new song
You turned to look at me
With the light in your eyes
Only I could see
You found that place inside
It took me years to hide

You sang -
*You gave her something she was looking for
She showed you what you needed more
I never heard another word*

This wasn't just a dream
It was a vision
Or so it seemed
It left me with a feeling undefined
Guess I couldn't get you off my mind

I still feel the same way
Where did this come from anyway
Was it you - was it me - feeling strong
Play me the song
Play me your song

*You gave her something she was looking for
She showed you, what you needed more
If this is a dream, I never had one before*

Play me the song
Play me your song
